ABOUTS US

BESKY ELECTRONIC, founded in 2008, is a professional high-tech enterprise that specializes in R&D, manufacturing and marketing power bank, at the beginning, we sold our power bank in Chinese market, in 2010, we have our own brand 'Xipin' and market it to our Chinese customers, in 2017, the sales income for Chinese market reach to RMB 0.3 billion. From 2015, we started to sale our power bank to overseas market and do OEM&ODM for them. BESKY is committed to provide many kinds of beautiful, safe and reliable power banks for our global consumers, all of them are our privated models.

BESKY takes 'Safety originate from professionalism' as our ethic. Our reputation has been widely spreading in Chinese and overseas market known as fashionable, high-end and high quality.

There are 400 workers in our workshop, making over 500000 Pcs power banks and 1.2million Pcs chargers every month. All our models with CE/ROHS/FCC/MSDS, our factory passed ISO9001:2015 quality control system. We value every customer with top quality products and thoughtful pre-sale & after-sale service.

Welcome to join us for our mutual prosperity.

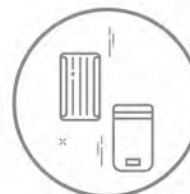

CERTIFICATION

We strictly implement ISO9001: 2015 quality control system and our products are certified with CE\FCC\RoHS\MSDS.
